PARAGON™

DIMENSIONS

DURABLE:

Over 90,000 systems have been sold Globally for the past 30+ years. Designed specifically to operate at higher elevations without over-heating, reducing maintenance costs.

Compact design incorporates a Blower, Filter, Silencer, Relief Valve, Check Valve & Camlock all-in-one.

Quiet operation at -78 dB, perfect for urban locations.

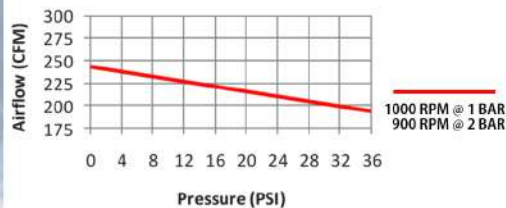

EASY OPERATION & LOW MAINTENANCE

The Pulse-Flow 603 has a simple maintenance which consists of an oil change & new filter element every 12 months.

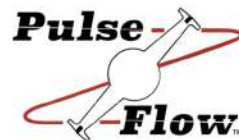

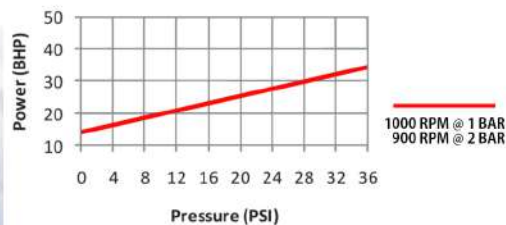

Does not require special oil to operate; 30W Synthetic Motor Oil Required.

Offloads Cement at 900-1,000 RPM compared to 1,600-1,800 RPM of standard truck blowers. (Fuel consumption savings)
