

HydraFLOW[®]

HYDRAULIC COOLER

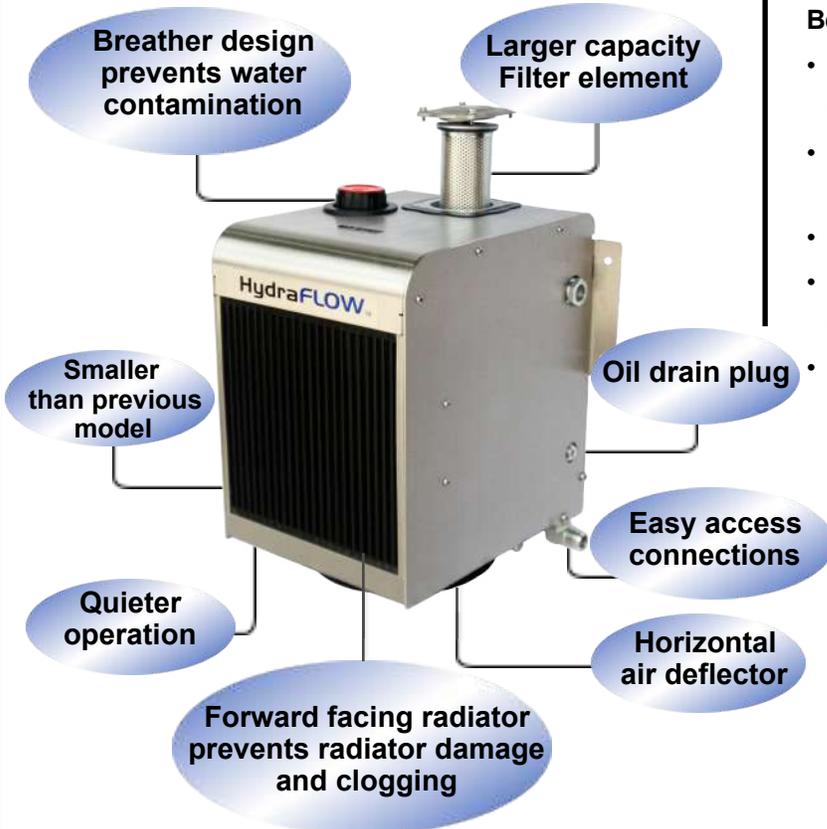

The specially engineered HydraFLOW Hydraulic Cooler from Paragon Tank Truck Equipment features unique downward facing fan, which results in quieter operation.

HydraFLOW is designed and assembled as a complete easy to install package.

Benefits include:

- Ideal for tractors with short wheelbases or behind the cab mounting.
- The design offers maximum hydraulic fan system airflow and efficiency.
- Recessed breather design reduces water contamination
- Rear stud mount offers a flat mounting surface without mounting flanges.
- Two conveniently located sight glasses, one empty and one full, show the correct oil level.

HydraFLOW®

FEATURES

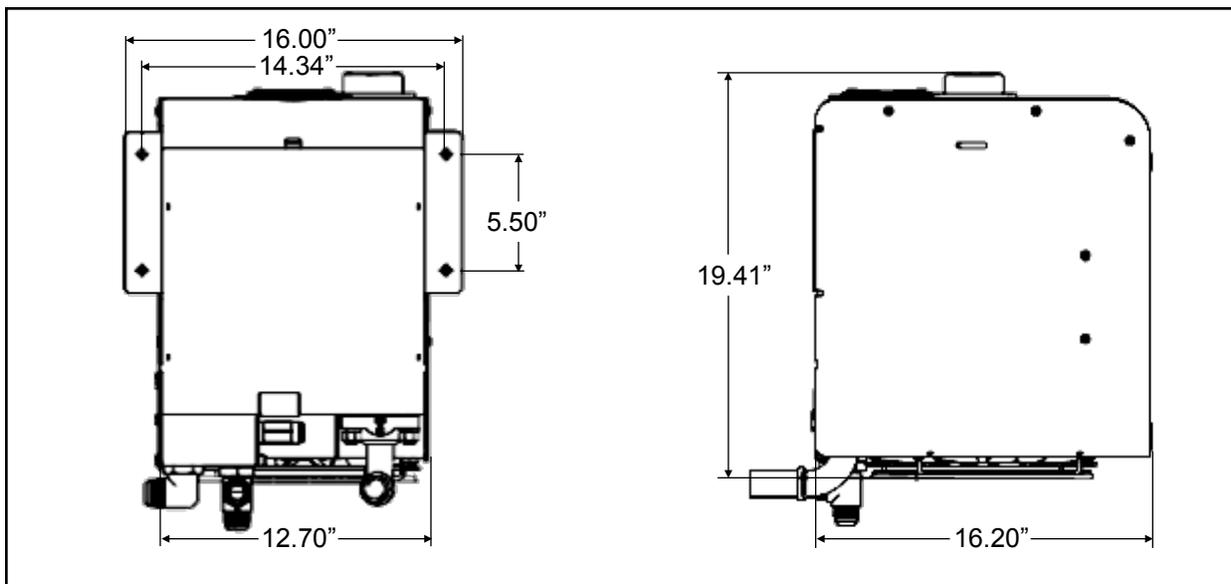

- Four - gallon reservoir
- Flow rate to 30 gal minute
- Standard pressures - 2500 psi, 3000 psi, other pressures available
- High pressure connection 3/4" JICM
- Low pressure connection 1" JICM
- Suction 1-1/4" code 61 split flange or 2" NPT port
